Hudson-Sharp to Present Latest Offerings at Pack Expo 2011

GREEN BAY, Wis. — July 15, 2011 — The Hudson-Sharp Machine Company, a worldwide leader in the design and manufacture of plastic bag making machinery, pouch making equipment and reclosable packaging solutions, will be attending Pack Expo 2011, September 26 to 28, at the Las Vegas Convention Center in Nevada. Visit us at Barry-Wehmiller **Booth #C-500** as our capable team will be available to answer questions and discuss the latest developments in the company's extensive list of products.

Exciting progress has been made in the reclosable packaging division. Pour & Lok™, the latest opening style from the INNO-LOK® resealable packaging family, is ideal for the pet food, lawn and garden, and snack applications. Utilizing roll stock with pre-applied closure creates value by providing higher production rates, no reduction in processing speeds, less scrap and less down-time.

Headquartered in Green Bay, Wis., USA, The Hudson-Sharp Machine Company also has manufacturing and sales facilities in Belgium, Brazil, Mexico, Australia and the Philippines. Hudson-Sharp builds and markets a broad line of plastic bag machinery, pouch making equipment and pre-zippered film systems used in a variety of industries. Acquired by Thiele Technologies, part of the family of Barry-Wehmiller Companies, in 2009, Hudson-Sharp is dedicated to helping converters make value-added, high-quality bags and pouches.

For additional information on the complete line of Hudson-Sharp Wicketers, Flatbelts, Bottom Seal/Clamp Stacker, Continuous Motion, Pouch, and INNO-LOK® pre-applied closure film systems, visit www.hudsonsharp.com or contact sales@hudsonsharp.com.

ABOUT BARRY-WEHMILLER

Barry-Wehmiller Companies, Inc. is a diversified global supplier of engineering consulting and manufacturing technology solutions in packaging, corrugating and paper converting across a broad spectrum of industries. Barry-Wehmiller's balanced approach to the market is made possible through nine interactive divisions: **Accraply, Inc.**, a leading manufacturer of automatic labeling and label converting and finishing systems; **Barry-Wehmiller Design Group, Inc.**, a premier supplier of manufacturing automation, facility design, and other engineering consulting services; **Barry-Wehmiller International Resources (BWIR)**, a global provider of business and technology solutions to the mid-market manufacturing domain; **FleetwoodGoldcoWyard, Inc.**, a leading producer and supplier of automated can end and product handling equipment, advanced conveyance technology, palletizers, depalletizers, and process equipment; **HayssenSandiacre**, a form/fill/seal technologies and services leader for more than 100 years; **MarquipWardUnited, Inc.**, a leading manufacturer of equipment for the corrugated and folded carton industries; **Paper Converting Machine Company (PCMC)**, providing high-performance converting machinery for the global tissue, nonwovens, package printing, and envelope manufacturing industries; **PneumaticScaleAngelus**, a global provider for filling, capping, can seaming, labeling, and centrifugation; and **Thiele Technologies, Inc.**, a leading producer of placing, feeding, bagging, cartoning, case packing, and palletizing equipment.

In fiscal year 2010, Barry-Wehmiller leveraged a strategic combination of organic and acquisition growth to achieve revenues surpassing \$1 billion. Barry-Wehmiller now employs more than 5,500 team members in over 65 locations worldwide.
