## Hudson-Sharp Announces Redesigned M275 Servo Wicketer

GREEN BAY, Wisc. — October 20, 2014, — The Hudson-Sharp Machine Company, a worldwide leader in the design and manufacture of plastic bag making machinery, pouch making equipment, and reclosable packaging solutions, has just released the **M275 Wicketer**, a new update to a popular wicketer world-wide, the 275W Servo Wicketer.

The **M275 Wicketer** has the same quality, efficiency, and reliability of its predecessor, but with new features and time saving adjustments to keep the machine running longer with less down time. With motorized quick wicket pin adjustments, tool-less rope belt table adjustments, tool-less vacuum hub adjustments, simplified infeed threading, and a smokehood enclosure standard for a cleaner working environment while producing cycle speeds of up to 325 cpm, Hudson-Sharp has made the best, better!

Located in Green Bay, Wis., USA, The Hudson-Sharp Machine Company also has manufacturing and sales facilities in Belgium, Brazil, Mexico, Australia, and the Philippines. Hudson-Sharp builds and markets a broad line of plastic bag machinery, pouch making equipment, and reclosable packaging systems used in the food, pet food, lawn & garden, mailing, hygiene, and pharmaceutical industries to name a few. Acquired in 2009 by Thiele Technologies, a Barry-Wehmiller company, Hudson-Sharp is dedicated to helping converters make value-added, high-quality bags and pouches.

Demonstrations of the M275 Servo Wicketer can be scheduled by contacting Hudson-Sharp at [sales@hudsonsharp.com](mailto:sales@hudsonsharp.com) to see how the M275 Servo Wicketer can make the best, better. For additional information on the complete line of Hudson-Sharp Wicketers, Pouch, Flatbelts, Bottomseal, Continuous Motion, and Inno-Lok® pre-applied closure film systems, visit [www.hudsonsharp.com](http://www.hudsonsharp.com) or contact [sales@hudsonsharp.com](mailto:sales@hudsonsharp.com).
